GRAY MATTER 2013

WAKE FOREST SCHOOL OF MEDICINE
WINSTON-SALEM, NC

In Dedication...

Dr. K. Patrick Ober

After receiving his MD degree from the University of Florida, Dr. K. Patrick Ober came to Wake Forest to complete his residency training in Internal Medicine and a fellowship in Endocrinology and Metabolism. Following completion of his training, Dr. Ober served as the clerkship director in Internal Medicine for 17 years before being named as WFSOM Associate Dean for Education.

Dr. Ober has been recognized for his role as a physician and educator not only at Wake Forest, but nationally as well. He has demonstrated his love of education through service in leadership roles in several national organizations involved in medical education and physician assessments, including the National Board of Medical Examiners.

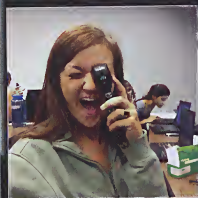

His commitment to education is evidenced by his many accolades. Dr. Ober has received fifteen major teaching awards from both students and residents, and he was the 2006 recipient of the WF School of Medicine Medical Alumni Association Distinguished Faculty Service Award. He has played a quintessential role in the development of medical education, and his dedication within the medical school has not gone unnoticed by students, residents and fellow faculty members (as depicted below).

On behalf of the student body, we *Thank You*, Dr. Ober, for your unwavering support, encouragement, and passion towards improving our medical education.

Proverbs 3:5-6

"Trust in the Lord with all your heart, and lean not on your own understanding; In all your ways acknowledge Him, and He shall direct your paths."

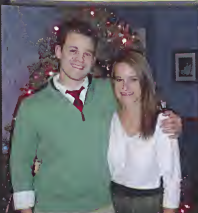

Dr. Jeffrey Ambrose

Okemos, Michigan

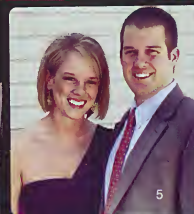

"We start here, and we go there. But it's not that simple, is it? Our paths may be circuitous or direct. We may gaze excitedly ahead, or cast our eyes regretfully behind. Until we reach our destination it exists only in our minds. It is what we have imagined it to be. And yet we tend to neglect the journey, which is real, in favor of the destination, which is not. For too long I neglected this journey. It was an obstacle to be overcome, an ordeal to be endured; for I had never chosen the journey, I had chosen the destination. But now that the journey has ended, I have discovered that here isn't so important after all. I find myself looking back with particular fondness for how I got here." -Michael Collins M.D.

Delivering Equal Access to Care

DEAC History & Goals

A small group of medical students conceived the notion of a student-run free clinic in 2006. The goals of DEAC are to fill a health care gap in the local community, to provide hands-on learning in a clinical setting, foster a culture which values providing health care to underserved populations, and advance Wake Forest University School of Medicine as globally recognized top-tier school. In September of 2008, DEAC held its first clinic. Improvements and additions since include Specialty Nights, DEAC Mobile, and our annual Fundraising Gala.

Pictured: (left to right) Tiffany Covas (previous Co-Director), Patrick Robinson (Finance Director), Bronwyn Russell (Special Clinics Director), Martha Montgomery (Co-Director), Natalie Cassell (previous Co-Director), Dr. Blake Long (Medical Director), Dr. Susan Williams (Community Care Center Liaison), Dr. Pat Ober (faculty advisor), Dr. Casey Glass (faculty advisor), Paul Trotman (Fundraising Director), J.D. Serfas (Co-Director), Peter Liu (Clinic Operations Director), Mary Ellingboe (Scheduling and Recruitment Director). Not pictured: Chardonay Vance (Public Relations Director), Freda Auyeung (Outcomes Director).

The DEAC Clinic goes beyond most other student-run clinics because we offer free long-term chronic care. We provide:

- Routine office visits
- Specialty nights including:
cardiology, pulm, derm, sports
medicine
- Blood work on-site and outside labs
- Free medications on-site
- Social services
- Mental health and STI screening
- Community wellness and prevention

DEAC Mission Statement

To provide high quality free health care to underserved individuals within the Piedmont-Triad area in a sustainable manner and create a unique, service-oriented learning experience for students of Wake Forest School of Medicine.
